Universität Hamburg
DER FORSCHUNG | DER LEHRE | DER BILDUNG

CUI THE HAMBURG CENTRE FOR ULTRAFAST IMAGING

CUI Symposium 2017

9 November, CFEL, Seminar Room I-III

Time	Schedule
8:30 – 9:00	Registration/Coffee
9:00 - 10:00	**Philipp Werner**, Universität Freiburg, Swiss Confederation *Spin and orbital freezing in unconventional superconductors*
10:00 – 10:30	Coffee/Tea Break
10:30 – 11:30	**Tony Heinz**, Stanford University, USA *Seeing electrons in 2D: Probing van der Waals materials with light*
11:30 – 12:30	**David Reichman,** Columbia University, New York, USA *The exact simulation of real-time quantum transport in non-equilibrium system*
12:30 – 13:30	Lunch Break
13:30 – 14:30	**Lev Ioffe,** Rutgers University, USA *Non-ergodic phases in quantum many body disordered systems*
14:30 – 15:00	Coffee/Tea Break
15:00 – 16:00	**Prize Ceremony: Presentation of the Hamburg Prize for Theoretical Physics to Prof. Andrew Millis** **Laudatory Speech: Dmitri Basov**, Columbia University, New York
16:00 – 16:30	Champagne Reception
16:30 – 17:30	**Andrew Millis,** Columbia University, New York & Simons Foundation, New York *Meeting Dirac's Challenge: steps towards the solution of the many-electron problem*
